ABOUT THE NSS

The National Service Scheme (NSS) is a central sector scheme of Govt of India. Ministry of Youth Affairs and sports. It provides opportunity to the student youth of 11th and 12th class of schools at +2 board level and student youth of technical institution, Graduate and post graduate at colleges and university level of India to take part in various

Government led community service activities and programmes. The sole aim of the NSS is to provide hands on experience to young students in delivering community service. Since inception of the NSS in the year 1969, the number of student's strength increased from 40000 to over 3.8 million up to the end of March 2018 students in various universities, colleges and institutions of higher learning have volunteered to take part in various community service programmes.

ABOUT THE FUNCTIONS

The concept of cleanliness has been important for humanity since ancient times. That's why it is said, "cleanliness is the next to godliness". Cleanliness is keep us healthy and away from all types of diseases. Things like bad breath, strong body odour, dirty fingernails, stained teeth, smelly feet, or unkempt beards lead to unhygienic health and poor impression on others. Whereas washing hands, teeth and hair, taking showers wearing dirt-free clothes are ways to maintain personal cleanliness. Aim: To correctly sequence tasks for cleaning. To demonstrate proper procedures for different cleaning applications. To describe other considerations in environmental managements. Around 150 students were selected from classes and were divided in to five groups and were allotted to clean various areas in the camps. NSS programme officers were in the charge of these groups. The campus cleaning day was very much effective, since the students could collect almost the entire plastic waste from the camps. An awareness campaign was conducted a group of active members of students visited each class and spoke a few words about the need to keep our campus neat clean. The gangers caused by plastic were discussed and the decision to declare the camps.

ABOUT THE NSS

The National Service Scheme (NSS) is a central sector scheme of Govt of India. Ministry of Youth Affairs and sports. It provides opportunity to the student youth of 11th and 12th class of schools at +2 board level and student youth of technical institution, Graduate and post graduate at colleges and university level of India to take part in various

Government led community service activities and programmes. The sole aim of the NSS is to provide hands on experience to young students in delivering community service. Since inception of the NSS in the year 1969, the number of student's strength increased from 40000 to over 3.8 million up to the end of March 2018 students in various universities, colleges and institutions of higher learning have volunteered to take part in various community service programmes.

ABOUT THE FUNCTIONS

Independence day, in India national holiday celebrated annually on August 15. Independence day marks the end of British rule in 1947 and the establishment of a free and independent Indian nation. It also marks the anniversary of the partition of the subcontinent into two countries, India and Pakistan, which occurred at midnight on August 14-15, 1947. Independence Day is marked throughout India with flag-raising ceremonies, drills, and the singing of the Indian national anthem. Additionally, various cultural programs are made available in the state capitals. After the prime minister participates in the flag- raising ceremony at the Red Fort historic monument in old Delhi, a parade ensues with members of the armed forces and police. A majority of the Indian population is unaware of their basic fundamental rights. The preamble is a way to be aware of their basic fundamental rights and raise their rights has been violated by someone else. This is the most importance of the objectives of the preamble comes into play. If you are acquainted with the objectives of the preamble, your fundamental rights, and the vision of Indian democracy, you can raise your voice against any injustice and support those who put in efforts to accomplish the main objectives of the preamble.

With its fine infrastructure and ability to maintain high academic standards, the Institution has the unique honour of being acclaimed as one of the outstanding educational Institution under Periyar University. The college functions over an area, encircling 22.5 acres of land on the outskirts of Tiruchengode. The built-in-area in which the college functions covers 2,74,556 sq.ft. Sengunthar Arts and Science College offers undergraduate programs in Bachelor of Commerce, Bachelor in Business Administration (BBA), B.Sc (Electronics & Communication, Computer Science, Microbiology, Bio-Technology, Chemistry, Physics, Bio-Chemistry), Bachelor of computer Applications (BCA), along with post graduation courses such as Master of Computer Application (MCA), M.Sc (Applied Microbiology, Computer science, Bio-Chemistry, Bio-Technology, Software Science, Organic Chemistry), M.Com (CS,CA). The Institute also offers research facility and offers research programmes as M.Phil (Microbiology, Bio-Technology) and Ph.D, in Microbiology. The Institute provides a rich infrastructure with latest facilities to students and faculty members. The campus accommodates facilities such as canteen, transport, separate hostels for the boys and girls, a well-stocked library, IT lab, life science lab, the college on/off campus interview, In plant training, industrial visits for both students and faculty. Project work, Career guidance programmes.

ABOUT THE NSS

The National Service Scheme (NSS) is a central sector scheme of Govt of India. Ministry of Youth Affairs and sports. It provides opportunity to the student youth of 11th and 12th class of schools at +2 board level and student youth of technical institution, Graduate and post graduate at colleges and university level of India to take part in various

Government led community service activities and programmes. The sole aim of the NSS is to provide hands on experience to young students in delivering community service. Since inception of the NSS in the year 1969, the number of student's strength increased from 40000 to over 3.8 million up to the end of March 2018 students in various universities, colleges and institutions of higher learning have volunteered to take part in various community service programmes.

ABOUT THE FUNCTIONS

The National Service Scheme (NSS) was formally launched on 24th September 1969. The programme was started during the birth centenary year of Mahatma Gandhi, the father of the nation, who inspired the Indian youth to participate in the movement for Indian independence and the social upliftment of the downtrodden masses. Every year 24th September is celebrated as NSS day with appropriate programs and activities. In India, the idea of involving students in the task of nation building dates back to the time of Mahatma Gandhi. The first duty of the students should be, not to treat their period of study for indulging in intellectual activity, but to prepare themselves for final dedication, in the service of the society. Volunteers were made aware that they have to work for the progress of the society and not for any personal gain. It was stressed that the students should work with one theme in mind, i.e., "NOT ME BUT YOU"

With its fine infrastructure and ability to maintain high academic standards, the Institution has the unique honour of being acclaimed as one of the outstanding educational Institution under Periyar University. The college functions over an area, encircling 22.5 acres of land on the outskirts of Tiruchengode. The built-in-area in which the college functions covers 2,74,556 sq.ft. Sengunthar Arts and Science College offers undergraduate programs in Bachelor of Commerce, Bachelor in Business Administration (BBA), B.Sc (Electronics & Communication, Computer Science, Microbiology, Bio-Technology, Chemistry, Physics, Bio-Chemistry), Bachelor of computer Applications (BCA), along with post graduation courses such as Master of Computer Application (MCA), M.Sc (Applied Microbiology, Computer science, Bio-Chemistry, Bio-Technology, Software Science, Organic Chemistry), M.Com (CS,CA). The Institute also offers research facility and offers research programmes as M.Phil (Microbiology, Bio-Technology) and Ph.D, in Microbiology. The Institute provides a rich infrastructure with latest facilities to students and faculty members. The campus accommodates facilities such as canteen, transport, separate hostels for the boys and girls, a well-stocked library, IT lab, life science lab, the college on/off campus interview, In plant training, industrial visits for both students and faculty. Project work, Career guidance programmes.

ABOUT THE NSS

The National Service Scheme (NSS) is a central sector scheme of Govt of India. Ministry of Youth Affairs and sports. It provides opportunity to the student youth of 11th and 12th class of schools at +2 board level and student youth of technical institution, Graduate and post graduate at colleges and university level of India to take part in various

Government led community service activities and programmes. The sole aim of the NSS is to provide hands on experience to young students in delivering community service. Since inception of the NSS in the year 1969, the number of student's strength increased from 40000 to over 3.8 million up to the end of March 2018 students in various universities, colleges and institutions of higher learning have volunteered to take part in various community service programmes.

ABOUT THE FUNCTIONS

The National Service Scheme (NSS) was formally launched on 24th September 1969. The programme was started during the birth centenary year of Mahatma Gandhi, the father of the nation, who inspired the Indian youth to participate in the movement for Indian independence and the social upliftment of the downtrodden masses. Every year 24th September is celebrate as NSS day with appropriate programs and activities. In India, the idea of involving students in the task of nation building dates back to the time of Mahatma Gandhi. The first duty of the students should be, not to treat their period of study for indulging in intellectual activity, but to prepare themselves for final dedication, in the service of the society. Volunteers were made aware that they have to work for the progress of the society and not for any personal gain. It was stressed that the students should work with one theme in mind, i.e., "NOT ME BUT YOU"

ABOUT THE FUNCTIONS

Nutrition and dietetics is a branch that is related to fitness, health, and healthy eating. People who take interest in this form of medical science can pursue it as a study for a flourishing career as a nutritionist or a dietician. It is available both as a bachelor's and a master's degree. After getting any of the two degrees one can assist people in creating a healthy and fit body, and following a good diet. One of the most popular career options after doing a course in nutrition and dietetics is a dietitian. Nutrition is the biochemical and physiological process by which an organism uses food to support its life. It provides organisms with nutrients, which can be metabolized to create energy and chemical structures. Failure to obtain sufficient nutrients causes malnutrition.

The Institute provides a rich infrastructure with latest facilities to students and faculty members. The campus accommodates facilities such as canteen, transport, separate hostels for the boys and girls, a well-stocked library. IT lab, life science lab. the college on/off campus interview, In plant training, industrial visits for both students and faculty. Project work. Career guidance programmes.

ABOUT THE NSS

The National Service Scheme (NSS) is a central sector scheme of Govt of India. Ministry of Youth Affairs and sports. It provides opportunity to the student youth of 11th and 12th class of schools at +2 board level and student youth of technical institution, Graduate and post graduate at colleges and university level of India to take part in various

Government led community service activities and programmes. The sole aim of the NSS is to provide hands on experience to young students in delivering community service. Since inception of the NSS in the year 1969, the number of student's strength increased from 40000 to over 3.8 million up to the end of March 2018 students in various universities, colleges and institutions of higher learning have volunteered to take part in various community service programmes.

ABOUT THE FUNCTIONS

Human blood is an essential element of human life with no substitute. Voluntary blood donors are the Cornerstone of a safe and adequate supply of blood and blood products. The safest blood donors are voluntary, non-remunerated blood donors from low-risk populations. Blood donors in India, as across the globe, are of three types: Voluntary donors, replacement donors and professional donors. Most donations are as a result of replacement donations. Which are non-remunerated donations, provided by the relatives of patients. Professional donors are those who donate blood in exchange for money, replacement and professional donors may be compelled to donate blood, through their health conditions are unsuitable to denote blood. They do not help maintaining a stock of blood for emergency situations. Moreover, they do not provide rare blood groups. These points are indicating the need and importance of voluntary blood donations. The success of blood donation camp depends on people who organize the camp and blood bank team. Aim: The Aim of this report is to discuss about the importance of voluntary blood donation and to guide the camp organizer, Medical officer and also other team members involving in voluntary blood donation camp to organize the camp efficiently.

SUMMARY REPORT

It was 26th August 2022: In our Computer Science Students organized a program to plant saplings at Government Middle School, Koottapalli. The objective of this event was to teach students, how we can save our climate from pollution. This was a great initiative to make our atmosphere neat and clean. By tree plantation, we can develop a climax ecosystem free of greenhouse gases to reduce global warming. The main purpose of this event was to enhance awareness about the importance of tree plantations. As soon we completed our goal of tree plantation, there was a debate competition among students on the topic, "How we can keep our climate clean?" No doubt, the only answer to this question was tree plantation to conserve the ecosystem.

SUMMARY REPORT

Clean Campus promotes Hygiene. It improves hygiene level in campus and also helps to reduce the spread of sickness, maintaining a clean environment sets a good example to students. Cleanliness encourages learners to take pride in their campus, which makes them less likely to drop litter and as such they will potentially make a bigger effort to maintain their environment. Cleanliness gives rise to a good character by keeping body, mind, and soul clean and peaceful. Maintaining cleanliness is the essential part of healthy living because it is the cleanliness only which helps to improve our personality by keeping clean externally and internally. In our Computer Science Department Students has organized a Clean Campus campaign on 29th August 2022 at Government Middle School to educate and to promote civic sense among students community. In our students went to all the classes and briefed about the importance of cleanliness of the campus. Students were advised not to throw paper plates, water bottle, paper cups, tissues, and many unwanted things on campus Lawns, Library, sitting Area, class rooms, pathway and other open areas which is very unhygienic to all of us. They were also informed to make the campus & class rooms a beautiful place for one and it makes individuals healthier when the environment around them is healthy.

Programme Report
NATIONAL DEWORMING DAY - 2022

Worm infestation is a common health problem seen in children and adults. According to World Health Organization, around 24 % of world population is infected with soil-transmitted helminths. 241 million children between the ages of 1 and 14 years are at risk of parasitic intestinal worms in India, also known as Soil-Transmitted Helminths (STH). Almost 7 in 10 children between 6-59 months age are anaemic, with even higher rates of anaemia in rural areas. The Health Ministry has decided every year 10th February and 10th August is observed as the National Deworming Day. As part of the programme deworm tablets are distributed to the students in the College and reduce the problems related to worm infestation. National Deworming Day was observed by the faculty of the department of Microbiology and students of UG and PG Microbiology, Sengunthar Arts and Science College, Tiruchengode on 22.09.2022, from 10 am to 12 pm. The programme began with welcome address by Dr.P.Venkatachalam, and followed by Dr. P. Ashokkumar, Assistant Professor, Department of Microbiology gave a brief talk on the importance of observing National Deworming day. A health talks regarding the causes of signs and symptoms, management and preventive aspects of the worm and common problems for children during the worm infestation and about its prevention. All the students were asked to clear their doubts regarding the deworming treatment.
