MAINTENANCE POLICY

The college has established transparent procedures for the utilization and maintenance of all physical, academic support facilities. There are well defined policies for Purchase and Maintenance of facilities. The Laboratories and Library have a detailed SOP aiding the various processes in their daily transactions. The Management allocates budget every year for the repair and maintenance of the college infrastructure facilities with respect to the requirements every year. The Purchase or the Replacement of the equipments is based on the inputs from various stakeholders like students and staff through feedback, maintenance books and suggestion boxes. The requirement for facility upgradation/addition is discussed at different forums of Managing Council members, and College maintenance Committee coordinators meeting with the Principal.

Policy for Maintenance of Physical Facility

- The college maintenance committee oversee the maintenance of the College
- The committee headed by Principal with co- convener , who in turn monitors the work of the support staffs
- The teachers and the students report infrastructural malfunctions through the complaint registers kept in the Administration office.
- The complaint registered are followed up and rectified by in-house maintenance staff
- The supervisor takes care of electrical, plumbing, carpentry or any other related maintenance work of the campus.
- The College has a full time electrician to handle day-to-day issues of malfunction of the electrical equipment.
- The gardener maintains the landscape campus gardens
- The College security operations are supervised by security officers provide security throughout the College campus round the clock
