REPORT

We wish to express our heartfelt gratification to our Hon'ble Principal sir and management for provided their consent and support to organize the Competitive Classes for all interested final year UG/PG students on 17.08.2022 under the title of "Set Up a Strategy for Safe and Secure Life Through Competitive Examination" nearly 135 students from various discipline.

Members of the department have conducted the class for all the final years' students of Sengunthar Arts & Science College.

On that day, it also helps to make confidants and face the competitive world. Meanwhile, it improves our presence of minds whenever we express our views, listens to what others are taking about. To achieve their dreams in anything they want to do, students need brain power with the short memory to become successful in life.

Considering the need of today's students to compete and face the challenges of the modern world, and to make them aware of the competitive examinations, the cell organized this talk to build among students a sense of awareness, provide guidance, necessary sites, and other information about various competitive examinations.

REPORT

We wish to express our heartfelt gratification to our Hon'ble Principal sir and management for provided their consent and support to organize the Competitive class for all interested final year UG/PG students on **09.02.2023** under the title of **"Working Hierarchy Depends on Preparation of General Studies"** nearly 131 students from various discipline. Members of the department have conducted the class for all the final years' students of Sengunthar Arts & Science College.

On that day, it also helps to make confidants and face the competitive world. Meanwhile, it improves our presence of minds whenever we express our views, listens to what others are taking about. To achieve their dreams in anything they want to do, students need brain power with the short memory to become successful in life.

Considering the need of today's students to compete and face the challenges of the modern world, and to make them aware of the competitive examinations, the cell organized this talk to build among students a sense of awareness, provide guidance, necessary sites, and other information about various competitive examinations.

REPORT

We wish to express our heartfelt gratification to our Hon'ble Principal sir and management for provided their consent and support to organize the Career Counselling Program for all interested final year students on **28-10-2022** under the title of **"CREATIVE AND ANALYTICAL THINKING"** 190 students from various discipline.

Members of the department have conducted the class for all final year interested students of Sengunthar Arts & Science College.

On that day, Mr. Sabarivasan, the resource persons, given lectures on it also helps to make confidants and face the competitive world. Meanwhile, it improves our presence of minds whenever we express our views, listens to what others are taking about. To achieve their dreams in anything they want to do, students need brain power with the short memory to become successful in life.

Considering the need of today's students to compete and face the challenges of the modern world, and the cell organized this talk to build among students a sense of awareness, provide guidance, necessary sites, and other information about various skills.

REPORT

We wish to express our heartfelt gratification to our Hon'ble Principal sir and management for provided their consent and support to organize the Career Counselling Program for all interested final year students on **08-02-2023** under the title of **"INTERPERSONAL SKILLS"** 190 students from various discipline.

Members of the department have conducted the class for all final year interested students of Sengunthar Arts & Science College.

On that day, Mr. Dhayanithi Ramachandran, the resource persons, given lectures on it also helps to make confidants and face the competitive world. Meanwhile, it improves our presence of minds whenever we express our views, listens to what others are taking about. To achieve their dreams in anything they want to do, students need brain power with the short memory to become successful in life.

Considering the need of today's students to compete and face the challenges of the modern world, and the cell organized this talk to build among students a sense of awareness, provide guidance, necessary sites, and other information about various skills.
