Program Report

Our college NSS unit conducted a program Blood donation on 07-10-2021. Chief Guest (Doctors) from Govt Hospital Tiruchengode gave various information about blood donation to the students Blood donation is definitely a noble act. Many clinics and hospitals constantly require blood for several purposes. This makes the idea of blood donation a noble gesture as it provides life-saving help to people and patients. On an average, human body contains approximately 4 to 5 liters blood that can be donated after every third month for men and every 4 months for women. Total 52 students were participated in this program. About 50 boys had volunteered for donating blood. A certificate of appreciation and refreshment were given to each donor in the presence of management members, principal and the programme officers of NSS.
